Best regards from

The Team at Millennium Philatelic Auctions.

Welcome to our 87th sale, which is an online auction only, comprising 1,431 lots featuring an extensive range of Australian material. The Kangaroo issues includes many fine stamps, with shades, inverted watermarks and OS punctures, plus a group of SPECIMEN overprints.

There are over 600 lots King George V issues covering all watermarks and values and including many bulk lots and accumulations, and various values with plate varieties sorted in order, which should supply buyers with hours of sorting. The ½d green includes rare Electro 3 material, and the 1d Reds include a wide range of shades and many monograms. There is a complete sheet of the 1½d Black-brown, and the 1½d Red Die II includes blocks of rare shades, rare Plate 1a imprints and plate varieties, and two remarkable studies of the Type B re-entries and the 'Void corner' variety offered intact.

The George VI and Elizabeth II issues include a number of specialised studies, notably the 1959 5d Blue definitive. An individual rarity is the 1/- Lyrebird with inverted watermark, which has been off the market for over 50 years. The Postage Due issues include rare monocolour high values both mint and used, and the bicoloured issues abound in the very scarce monogram and imprint pieces.

Over 250 lots of World War I material are offered, with emphasis on the Gallipoli campaign, including not only mail to and from the Australian Forces, but also with much associated material, including the various types of stationery produced for use, and an excellent range of picture postcards.

For Perf 13½ x 12½ there are imprint blocks of 8 with the 4L53 Type B Re-entry (2), and imprint blocks of 12 with the 4L47 Type B Re-entry and Second Re-entry to 4L53 (3). Then follows a detailed study of the state with Second Re-entries to both 4L47 and 4L53 and their associated varieties. 4R27 is shown both before re-entry and after re-entry in its various states. The mint imprints and blocks are supplemented by a range of used stamps to show the progression of the varieties. The study includes no less than 25 imprints chronicling the 4L47 and 4L53 units. Some blocks with tone spots or gum toning, however the key 4L53 imprint pieces are generally fine. This study is probably the finest ever formed on these famous varieties, comprising forty pages. A remarkable opportunity for the student of this issue, with a very high catalogue value	\$4500
